INAUGURAL HAVAN

“Havan ignites purity, wisdom and blessings for a scared and prosperous new beginning”

The academic year 2024–2025 commenced on a spiritual and auspicious note with an Inaugural Havan held on 29th June 2024. The sacred ritual was conducted to seek the divine blessings of the Almighty for a successful and harmonious year ahead. The serene chanting of mantras created a peaceful ambiance, instilling a sense of positivity and devotion among the staff and students.

INVESTITURE CEREMONY

“Leadership is not about a title or a designation. It’s about impact, influence and inspiration”

The Investiture ceremony fosters leadership qualities and develops a much-needed life skills among the set of students who along with teacher-mentors take the school activities forward in all fields during the academic year.

The Investiture Ceremony for the academic year 2024 - 25, was held on 3rd July Wednesday 2024.

The Chief Guest of the occasion was Shri. Peeyush Arya Ji, Convenor, D.A.V Boys Senior Secondary School. The ceremony started with a prayer followed by oath taking and pinning of badges led by the Chief Guest. In his address, the Chief Guest congratulated the newly appointed Student Prefect Council on being elected as torch bearers to take up the responsibilities entrusted with them. He also highlighted on the enormity of the task and the responsibility that comes with the badge.

- S Krishanth of V D won the World Record in Drawing World Outline Map in Least Time of 5 Min & 32 Sec conducted by Kalam World Records on 31st May 2024.
- Harshavardhan Ramesh of V E-
 - Participated in 11th TKSS Tamil Nadu State Level Children Chess Tournament at Hall of Chess, Jawaharlal Nehru Stadium, Chennai-600003 organized by Taanya Kaavya School of Sports on 14th April 2024 and won 5th Prize.
 - Participated in 3rd GMCF Tamil Nadu State Level Children & Open Chess Tournament 2024 at VOC Vidyalaya Matriculation Higher Secondary School, Perambur, Chennai-600003 Organized by Yaazhi on 10th February 2024 and won 7th Prize.
 - Participated in 8th BBCF -KRM International Fide Rapid Rated Chess Tournament 2024 at KRM Public school, Villivakkam. The event was organized by Brain Behind Chess foundation on 12th May 2024 and won 8th Prize.
 - Participated in 6th BBCF -KRM Tamil Nadu State Level Children & Open Chess Tournament at KRM Public school, Shanthi Nagar, Perambur. The event was organized by Brain Behind Chess foundation on 26th November 2023 and won 10th Prize.
 - Participated in Open Children Chess Tournament at Bhavans Rajaji Vidyashram. The event was organized by Kilpauk Chess Centre on 12th November 2023 and won 10th Prize.

- Participated in Cluster -South Zone -1 team tournament and secured 5.5 points out of 6 points.
- Manthan Bohra of V E:
 - Won the Consolation Prize in the fancy dress competition conducted by Geetha Bhavan Trust on 27/7/24.
 - Won second place in “My Tale to Tell” - Hindi in the KATHA UTSAV - Inter DAV Story Fest 2024 organised by D.A.V KALA KENDRAM on 26/10/2024.
- Vijayaraghavan of V E-
 - Won the 2nd Prize in the Gita chanting Conducted by Chinmaya Mission.
 - Won the 3rd Prize in the Thirupaavai Conducted by Maithri Foundation.
 - Won the 3rd Prize in the Chapter 12 Gita Conducted by Ahuti Foundation.
 - Won the 2nd Prize in the Thiruppavai Conducted by Parthasarathy Temple.
 - Won the 1st Prize in the Thirupaavai Conducted by Gokula Baktha Sabha.
 - Won the 1st Prize in the Neeratham Conducted by Gokula Baktha Sabha.
 - Won the 1st Prize in the Poochootal Conducted by Gokula Baktha Sabha.
 - Won the 2nd Prize in the Thirukural Conducted by Gokula Baktha Sabha.
 - Won the 2nd Prize in the Thirupaavai conducted by Nungambakkam Prassana Venkatesa Perumal Temple.
 - Won the 1st Prize in the Thirupaavai Conducted by Nungambakkam Seva Samaj Trust.
 - Won the 1st Prize in the Vishnu Sahasranamam Conducted by Nungambakkam Seva Samaj Trust.
 - Won the 3rd Prize in the Ramunuja Nootrandhadhi Conducted by Jeeyar Educational Trust.
 - Won the 1st Prize in the Sri Nrushimaha Ashtakam Conducted by Jeeyar Educational Trust.
 - Won the 1st Prize in the Srimad Bhagavatam Conducted by Sri Ahobila Math Oriental School.
- S Arya of V E -
 - Won the 2nd Prize in the Tamil Elocution competition, conducted by Bala Vidhya Mandir Senior Secondary School on 24.08.24.
 - Won First Place in My Tale to Tell - Tamil in the KATHA UTSAV - Inter DAV Story Fest 2024 organised by D.A.V KALA KENDRAM on 26/10/2024.
- Rudravarman from 1 C had participated and won First prize in Fancy Dress Competition held at Thakkar Baba Vidhayala, T. Nagar on August 3rd 2024 and for the same he got appreciations from Honourable Governor of Tamil Nadu during Independence Day celebrations on 15th August 2024 at Gandhi Mandapam, Guindy.
- Shastik.C.K from 1C has won Best Entry Achievement Award in the Greeting Card competition conducted by Kinder Nest, An Early education centre on 28-09-2024.
- V. THANVANTH Class I B has won the gold topper in the 44th India National Abacus Competition, conducted by Brain-O-Brain on 19th Oct 2024.
- Ruthran.K Class1C has won silver medal in 400m and 200m Zonal level Skating competition.

- Maanas Rehan, I E entered into the Bucephalus International Book of Records for presenting Redfort in 3 different Art Forms with his Art Club members on 15-Aug-2024.
- K. Keerthan Surya, I E won the First prize in the Button Buddy competition conducted by St.John's Public school (Rangoli Fest 2024 - 25) held on August 24 – 2024
- Aadhyanth Shreeram, Class 1A has cleared the electronic keyboard initial grade examination with 91 marks with Distinction conducted by the Trinity College London in August, 2024
- Harshavardhan Sai, 1A has secured Third Place in Drawing competition conducted by Jeeyar Educational Trust on 20th July 2024.
- T. AADHVIK, I E has been awarded as advance student honour roll studying six months ahead of school grade by KUMON, Mylapore on 25th August 2024. He has also been awarded for outstanding performance in Spell Bee in School Level competition by WIZ international on 25th September 2024.
- Srinath Sundarabalaji Class II - A has won the second prize in the Fancy dress competition, conducted by PSNA Emphatic Fine Arts, Chennai on 11/08/2024
- Ganeshwar class 4A has participated in single stick Silambam in Sub Junior category conducted by Karayar Baba Silambatta Kalaikoodam and won a trophy.
- V Kishore Class IV A has won the Silver Medal in the 1st National Silambam Championship 2034 competition, conducted by Swami Vivekananda Silambam Koodam Trust on 11th August 2024
- Shrivathsan Venkat Class 4A secured 12th rank on RCA 6th Tamil Nadu State Level Children's Chess Tournament-24 conducted at Jawaharlal Nehru Stadium on 24th Aug 2024
- Shrivathsan Venkat Class 4A has secured 10th place in U-19 (boys) in 3rd state level chess tournament conducted at Ology Tech School on 17th August 2024.
- J Bhuvesh of class IV A has won First Prize in individual Kumite in male held by National KENYU RYU open Karate Championship held at Monfort Indoor Stadium, Santhome HSS, Mylapore on 25th August 2024.
- S. Rakshit of class IV B won the first prize in 400 mts and Relay race won 2nd prize in the Tamil Nadu speed skating association competition conducted by TNSSA on 8th September 2024.
- Iniyan of class 4C got 1st prize in 1st National level Silambam Championship.

- Anand Venkatakrishnan Class IV-D has won the First prize in the Astakam competition, conducted by Jeeyar Educational trust on 21.7.2024
- Shubhranshu of class 4 D won 2nd prize in Tamil Nadu State mini-Roll Ball championship for FY 2024, held at Dindigul District from 03.08.24 to 04.08.24
- A.Krithik of VII E participated in Koshian's South India Open Karate championship 2024 tournament held on 1st September at Youth Hostel Adyar, Chennai. He participated in 12 years age category and won 2nd prize in KATA event
- B.Balanarayanan Servai of Class VII D participated in Deiva Pulavar Thiruvalluvar Inter-DAV Volleyball Tournament at D.A.V. BHEL School, Ranipettai and won the First place and the trophy for Best Attacker of the Tournament.
- Harisudhan S of class VII E has won the following:
 - 6th place in Srinivasa Ramanujam State level Chess tournament held on 6th October 2024 the tournament was conducted SMK Fomra College.
 - 1st place in Inter- DAV Volleyball Tournament conducted by Krida Kendram on 5th September 2024.
 - Third place in long jump in Annual Athletic Meet conducted by DAV Boys Sr Sec School Gopalapuram
- Monish of 6A has participated in State Level Silambam tournament and bagged in 1st place held at Chengalpattu.
- BHAWEN(IX-E) has achieved 17th place in TN State level Children Chess Tournament organized by Bhasker Chess Academy on 15th Aug 2024 in Jawaharlal Nehru Stadium.
- Rahul Siva R (IX-E) achieved the twelfth place in Under 14 category of 12th TKSS TN State level School/College students CHESS TOURNAMENT.
- Hardik KOHLI of IX F participated in Kolor Champs 2024, Global Art's National Championship at S. R. Classic Convention, Shamshabad, Hyderabad and won 3rd Runner-up.
- T. Aadhishankaran of IX B participated in 27th Thiruvallur district Karate Championship 2024 organised by Tamil Nadu Karate - Do Association, recognized by Karate Association of India and won Bronze Medal, 3rd place in kumite
- D.Dheeran of XI-E participated in Just a Minute (JAM), Conducted by Chennai Public School Anna Nagar in IMPULSE'24 and won Runner up (2nd prize).
- S. Balaganesh of XI-E participated in Under the light's Badminton tournament conducted by Pluma Elite Badminton Academy and won the Semifinals.

- J. Sanjai - XI, Shaunak Amit Sankla – XII, S. Rushil – VIII, S. Ashwath Naren – IX participated in Table Tennis U-17 Team Won Second Place in CBSE CLUSTER VI TABLE TENNIS TOURNAMENT 2024-24
Organized by Padma Seshadri Bala Bhavan Sr. Sec. School Nungambakkam Chennai – 34.

NOTEWORTHY INITIATIVES

“Every new step promises new horizon”

MOCK PARLIAMENT

A Mock Parliament – Bhartiya Lok Sabha was organized on Republic Day, 26th January 2025, with enthusiastic participation from students of Classes IX and XII. The session focused on the topic "One Nation, One Election," which sparked a vibrant debate with students presenting arguments both for and against the motion. The event was conducted with great zeal and was highly appreciated by all present for its thought-provoking discussions and the confident display of parliamentary procedure.

PROJECT BASED LEARNING

For the first time Project Based Learning (PBL) Workshop was conducted by the Pune based Organization Jnana Prabodhini from 15th to 18th April 2024 at DAV Girls Gopalapuram school. Followed by this there was an Online Orientation program about PBL conducted on 17th June 2024. Based on this it was incorporated into the school curriculum with one period allocated for every 2nd and 4th week of the month along with mental ability classes for 6th, 7th and 8th standard. The projects were allotted as –

6th Std. – Observation Based

7th Std. – Collection & Classification

8th Std. – Survey Based

On 25th November 2024 the Pune team visited GGPM for the 1st level exhibition on PBL. Detailed evaluation was done and additional inputs were added to refine and continue. On 6th Dec online review meeting was conducted to give feedback about the 1st level exhibition. PBL handling teachers also attended the meeting along with school coordinators of the various group of schools. Classes VI to VIII organized the PBL exhibition in our premises for 3 consecutive days.

STEM LAB AND ROBOTIC EXPO

STEM LAB was introduced for the first time in DAV BOYS GOPALAPURAM in the academic year (2024-2025) and team of two teachers Preethi V and Shruti C S attended the training session organized by Curio Kidz for the same and proper Hands- on experience and training was given on categories

- ❖ **TECHKRAFT**
- ❖ **SCIENCE KITS**
- ❖ **ELECTRONICS**

Class 6 and 7 learnt about basic electricity, circuits, and key concepts like voltage, current, and resistance. These early lessons helped them develop a clear

understanding of how electrical systems work, preparing us for more complex projects for expo. Class 8 learnt about components like the 555 timer IC and explored basic electromagnetism, which introduced us to the relationship between electricity and magnetism.

Class 8 advanced further by diving into the world of Arduino and microcontrollers, where they learned how to program (C++) and create projects. They also learnt advanced topics such as piezoelectricity with hands-on experience and used Tech Kraft tools to build electromagnets, which expanded students' knowledge of energy and mechanical systems. This combination of hands-on experience and theoretical learning has deepened students understanding in the field of STEM and Basics of robotics and inspired them to explore even more in the field of science, technology, engineering and mathematics.

Robotics Expo 2024-2025: A Showcase of Innovation and Creativity

The Robotics Expo 2024-2025 was a remarkable event that encouraged students to explore technology, creativity, and teamwork. The event spanned three days, featuring outstanding projects from students across different grade levels. Participants were given the freedom to select their topics and develop innovative projects, with many utilizing Arduino, sensors, and advanced technology to bring their ideas to life.

MATH CLUB INAUGURATION

GANIT MELA

The school organized a Mathematics Exhibition, Ganit Mela, on 27th March 2025 with active participation from students across all grades. The event was held in two venues – the Primary Auditorium for Classes 1 to 5, and the Main Block Auditorium for Classes 6 to 12. The objective of the expo was to promote experiential learning and ignite interest in mathematics through hands-on activities and creative displays.

Students presented innovative models, puzzles, mathematical games, and real-life applications of mathematical concepts. The exhibits reflected a deep understanding of the subject and were well-explained by the students themselves.

The expo successfully transformed mathematical learning into an engaging and enjoyable experience. Ganita Mela was a vibrant and insightful celebration of mathematics, leaving a lasting impression on all attendees.

HERITAGE CLUB

The Heritage Club at D.A.V. Boys Senior Secondary School embarked on an extraordinary journey during the academic year 2024-2025. The club emphasized the importance of exploring our roots more deeply, raising awareness about our culture, and preserving our legacy. One of the club's main objectives was to make the rich heritage of our country profound and a participatory affair for the students.

In August, the inauguration ceremony of the club took place in the school auditorium. The event was presided over by our Principal, Mrs. Swarna Karpagavalli S, Vice Principal, Dr. (Mrs.) Vidhya Guru, and Headmistress, Mrs. S.L. Radhika. The event was attended by the teachers and the students of classes VII and VIII. Among the key highlights of the event was a captivating puppet show presented by primary students and an engaging talk show hosted by senior students.

Over the course of three months, the Heritage Club hosted two major events:

'Indian Culture - A Kaleidoscopic Glimpse' and ***'Back to the Roots - Indigenous Games'*** which have deemed a positive response.

In September, the ***'Indian Culture - A Kaleidoscopic Glimpse'*** event was organized for students of classes 3 to 6. Notably, the event consisted of two main components: a fashion and food show featuring eight states, and a talk show about these states. This event reflected the club's commitment to raise awareness of our rich heritage and foster a deep interest in Indian culture among students.

In October, the ***'Back to the Roots - Indigenous Games'*** event was organized, highlighting traditional games from India. This initiative aimed to revive interest in indigenous games, promote teamwork, and celebrate their historical and cultural significance. Students from Class 3 enthusiastically participated in games such as Tug of War, Golli Kundu, and Pambaram (spinning top). The activities brought immense joy and excitement while promoting physical activity, teamwork, and a sense of cultural pride. Students experienced the simplicity and creativity of traditional Indian pastimes, offering them a refreshing break from modern, screen-based entertainment. The event also emphasized the role of traditional games in community bonding and preserving cultural identity. Senior students

volunteered to conduct and oversee the games, providing guidance and ensuring the smooth running of the event.

In November, Heritage Quiz was conducted by the students of class XI. Neel Umesh Mantri and A.R Lakshmanan of class XI conducted the Heritage Quiz for the students of Class VIII and IX.

THE WINNERS OF HERITAGE QUIZ		
PLACE	CLASS	STUDENTS
FIRST	VIII D	ARJUN
	IX F	SREE HARIKUMAR
SECOND	VIII D	SAHAS
	IX C	HARIPREET
THIRD	VIII B	KRISHNA V
	IX D	MANISH KARTHICK

In January, Guest Lecture was organized for students of class IX and XI on the topic “Temple Architecture in India – Development and Origin’.

The Guest speaker was Smt. Chitra Madhavan. Students intently listened to the lecture and understood the different types of temple architecture across India and its development.

In February, Digital Art Competition on Indian Heritage was conducted on “Indian Heritage” which unleashed the creativity of the students of VIII and IX with new technologies like GIMP, CANVA, Photoshop etc. The students also explained how they used these tools in creating the digital art.

In March, Video on inspiring stories of “Unsung Heroes of India” was shown to students through television in their classrooms. Students were able to get a glimpse of the Unsung Heroes of India, like Matangi Hazare, Bhagat Singh, Rani Gaidinliu, Rani Lakshmi Bai, Velu Nachiyar etc and their contributions in the freedom struggle

We are excited to see our club continue to grow as we explore our roots more deeply, infuse our culture into our daily lives, and preserve our legacy.

MATRU PITHRU VANDHANA

15 March 2025

Respecting parents is an important part of Indian Culture that has been followed since time immemorial. The biggest worship in our families has always been paying respects to our parents. As an initiative to preserve this age-old tradition, the school has introduced this unique initiative '**Mathru Pithru Vandana**' where students of class VII are given an opportunity to offer their gratitude with reverence to their parents.

Varshant Atma-Nirikshan Introspection

As the academic year draws to a close, students are encouraged to engage in Varshant or Atma-Nirikshan, a process of introspection and reflection which was conducted on 29 of MARCH 2025

- This exercise allows students to thoughtfully evaluate their journey through the year, particularly in the context of the vows and resolutions taken during the Varsharambh celebration, in the beginning of the academic year.
- Through this introspection, students examine whether the vows made at the beginning of the year were upheld.
- *The challenges they faced in staying committed to those resolutions.
- *The growth they experienced — academically, emotionally, and spiritually.
- *The lessons they have learned and how they plan to carry them forward.

This reflective practice encourages self-awareness, responsibility, and continuous personal development — helping students to transition meaningfully into the next academic year.

MOUNA VRAT

Mouna Vrat, or the vow of silence, is a practice aimed at achieving inner peace, enhancing introspection, and improving concentration. We had initiated this practice last year and would like to continue with this practice this year too.

Mouna Vrat WAS observed on July 8th, Monday, 2024, from 8.30 AM to 9.15 AM

All teaching, non-teaching staff including the office staff will observe Mouna Vrat.

LITERARY CLUB

Kipling aptly said, "Think before you speak. Read before you think." Since its inception, the Literary Club has made it its primary objective to spread the beauty of literature throughout the school by conducting a plethora of activities. From I to XII, the club has planned 17 activities to be conducted throughout the year. Each activity has been selected with the interests of the students in mind while also promoting the core tenets of the club. The club has conducted several activities and competitions, such as Literary Charades, Green-Screen, Spelling Bee, and Pictionary, which were received positively by the students. Various debates surrounding current affairs and ethical dilemmas were also held to hone the critical thinking & oratory skills of the students. The Literary Club firmly believes in the transformative power of literature to guide us from the obscurity of ignorance to the resplendence of enlightenment. In the end, the need to inculcate a love for reading is crucial for preparing the youth of our country for a better and more secure future. Lastly, let us remember, "A person who reads lives a thousand lives before he passes away. The man who never reads lives only one."

ECO CLUB

Eco Club has always been one of the pre-eminent clubs of our school. Mother Nature is Providence personified, and it has been the ultimate goal of our club to save Nature. It was also important to us to make sure that the younger generations who are going to inherit this world would be inspired to nurture our planet. To achieve our goals, the club has conducted a multitude of activities. Some among them include activities like Zero Waste Lunch Week where students of class I have participated with great interest and fervor. On account of World Environment Day, we conducted speech, drawing and essay competitions for the students from class VI - IX where the active participation of the students showed their responsibility and keen interest towards nature. An eco-friendly craft fair was conducted for class V students. There was a valedictory function and prize distribution ceremony for the students as a token of appreciation for their contribution and participation in the various activities conducted throughout the year. We started off the year by taking internalizing resoluteness on the idea that we as a citizen of this great nation will always work on improving and safeguarding our Mother Earth. We thank the management and our teachers for all their aid and help which was a crucial element for all our success.

Report on Green School Drive Day by Eco Club - 6th September 2024

On the occasion of Green School Drive Day, our school organized engaging activities, including Poster Making and Slogan Writing competitions for the students of Classes 7 and 8. The event aimed to raise awareness about environmental conservation and inspire students to contribute to a greener planet.

Around 25 enthusiastic students actively participated in the event, displaying their creativity and passion for the environment. The students used vibrant colors and thoughtful slogans to convey powerful messages on topics like conservation of water, eliminating single use plastic, and promoting clean energy.

The participants' efforts were praised by teachers and fellow students alike, with several posters standing out for their innovative designs and impactful slogans. The event successfully fostered a sense of responsibility towards the environment and encouraged students to adopt sustainable practices in their daily lives.

Overall, the Green School Drive Day was a great success, reinforcing the importance of environmental conservation and sparking creativity among the young minds.

Eco Club Activity: Upcycling Workshop – PPT Making

Introduction:

As part of the Eco Club's ongoing initiatives to promote environmental awareness and sustainable practices, an Upcycling Workshop – PPT Making was conducted for Class X students. The workshop aimed to educate students on the importance of upcycling and encourage them to creatively showcase their ideas using digital tools.

Objective:

1. To raise awareness about upcycling and its environmental benefits.
2. To foster creativity and presentation skills among students.
3. To inspire students to think innovatively about reducing waste.

Workshop Highlights:

1. **Introduction to Upcycling:**
The session began with an informative presentation by Eco Club members explaining the concept of upcycling, its significance in waste management, and its role in combating environmental degradation. Examples of successful upcycling projects were showcased to inspire the students.
2. **Hands-on PPT Making Session:**
 - Students were divided into small groups and given the task of creating PowerPoint presentations on innovative upcycling ideas.
 - Each group focused on a specific theme, such as Plastic Upcycling, Fabric Upcycling, E-Waste Management, and Household Items Repurposing.
 - Guidance was provided on slide design, use of visuals, and presenting key points effectively.
3. **Presentation of Ideas:**
 - After completing their PPTs, groups presented their projects to the audience and an evaluation panel comprising teachers and Eco Club representatives.
 - Creative ideas included turning old clothes into reusable bags, crafting planters from discarded plastic bottles, and repurposing broken electronics into decorative items.

Outcome:

- Students showcased impressive creativity and understanding of upcycling concepts.
- The activity enhanced their technical and teamwork skills while deepening their commitment to sustainable practices.

Feedback:

- Students expressed enthusiasm for the interactive and hands-on nature of the workshop.

- Many students suggested integrating upcycling into other club activities and school projects.

Conclusion:

The Upcycling Workshop – PPT Making was a successful initiative that combined environmental education with practical skills development. The Eco Club plans to organize more such workshops to promote sustainability and innovation among students.

ECO CLUB REPORT – AUGUST

The Eco Club of our school actively engaged students in environmental awareness activities during the month of August. Two major events were conducted to encourage young learners to understand and appreciate nature in an interactive manner.

1. Crossword Quiz for Class 4

A Crossword Quiz was organized for Class 4 students to test and enhance their knowledge of the environment. The quiz featured words related to nature, conservation, wildlife, and sustainability. Students participated enthusiastically, solving clues and learning new concepts about the ecosystem in a fun and engaging way. The winners were appreciated with certificates to encourage their efforts.

2. Storytelling Session for Class 2

To instil environmental consciousness among younger students, a storytelling session was conducted for Class 2. Stories based on nature, wildlife, and the importance of protecting the environment were narrated, making the session both educational and enjoyable. The interactive session allowed students to express their thoughts and share their learnings from the stories.

Both activities were well-received, and students actively participated, making the events a great success. The Eco Club continues to inspire young minds towards a greener future through such creative initiatives.

Report on World Environment Day and World Population Day Celebrations

Introduction

In celebration of World Environment Day on June 5th and World Population Day on July 11th, our school organized a series of activities aimed at raising awareness and encouraging active participation among students. The events included a plantation drive, a speech competition, a drawing competition, and an essay writing competition.

Plant Donating Drive

The plant donating drive was a significant highlight of our celebrations. Students and teachers brought various plants from their homes to donate to the school's garden. The drive emphasized the importance of greenery and its impact on the environment.

- **Participants:** Over 200 students and staff members.
- **Plants Donated:** Approximately 25 plants, including flowering plants, shrubs, and saplings of native trees.
- **Outcome:** The donated plants were planted around the school premises, enhancing the green cover and promoting environmental stewardship among the students.

Speech Competition

The speech competition provided a platform for students to express their views on environmental and population-related issues.

- **Themes:** "Protecting Our Environment for Future Generations" and "The Impact of Overpopulation on Our Planet."
- **Participants:** 30 students from grades 5 & 9

Drawing Competition

The drawing competition encouraged students to visually express their understanding and ideas about environmental conservation and the effects of overpopulation.

- **Themes:** "A Greener Earth" and "Population and Its Impact."
- **Participants:** 25 students from grades 3 & 9.

Essay Writing Competition

The essay writing competition allowed students to delve deeper into the topics of environmental conservation and population control, providing them with an opportunity to articulate their thoughts and propose solutions.

- **Themes:** "Sustainable Living for a Sustainable Future" and "Challenges of Overpopulation."
- **Participants:** 15 students from grade 9.

CAMPAIGN THROUGH VIDEO CLIPS:

Objective:

The event aimed to instill a sense of responsibility towards the environment among students by taking an oath on environmental conservation. Additionally, it sought to spread awareness through educational videos, emphasizing the importance of

sustainable practices and the role each individual can play in protecting the environment.

Video Presentations:

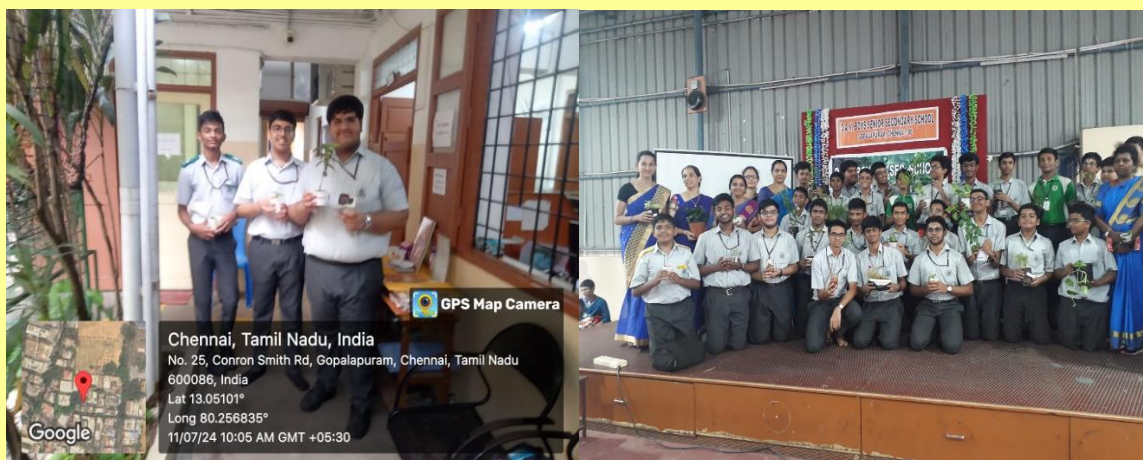

Educational videos were screened to spread awareness about various environmental issues such as climate change, pollution, deforestation, and the importance of recycling.

Outcomes:

- **Enhanced Awareness:** Students gained a deeper understanding of environmental issues and the importance of individual actions in contributing to a healthier planet.
- **Commitment to Action:** The oath-taking ceremony instilled a sense of responsibility and commitment among students to adopt sustainable practices.
- **Community Engagement:** The event fostered a sense of community and collective effort towards environmental conservation, encouraging students to work together for a common cause.

Conclusion

The events conducted in celebration of World Environment Day and World Population Day were a tremendous success, with enthusiastic participation from students and staff. The activities not only provided a platform for students to showcase their talents but also raised awareness about critical environmental and population issues. The school community is more inspired and committed to making a positive impact on our planet.

Report on zero waste lunch week conducted by Eco Club

(22nd July 2024 – 26th July 2024)

Objective: The Zero Waste Lunch Week aimed to educate and encourage Class II students to adopt sustainable practices by minimizing waste during their lunch breaks. The initiative focused on promoting the use of reusable containers, reducing food waste, and encouraging eco-friendly habits among young students.

Zero Waste Lunch Preparation:

- Parents were informed and encouraged to pack zero waste lunches for their children throughout the week. Guidelines were provided on how to use reusable containers, avoid single-use plastics, and pack nutritious and waste-free meals.
- Students were excited to show off their zero waste lunch boxes and shared their experiences with their peers.

Waste Audit:

- At the end of each lunch period, a waste audit was conducted.

This activity helped students understand the types of waste and how they can be managed effectively.

Outcomes:

- **Increased Awareness:** Students gained a better understanding of the importance of reducing waste and learned practical ways to implement zero waste practices in their daily lives.
- **Positive Behavioral Changes:** Many students and their families adopted more sustainable habits, such as using reusable lunch containers and avoiding single-use plastics.
- **Community Involvement:** The initiative fostered a sense of community and collective responsibility towards the environment among students, parents, and teachers.

Conclusion: The Zero Waste Lunch Week was a successful initiative that not only educated Class 2 students about the importance of reducing waste but also inspired them to adopt eco-friendly habits. The enthusiasm and participation of the students, along with the support of their parents and teachers, made the event a memorable and impactful experience. The Eco Club plans to continue

promoting zero waste practices and organizing similar events in the future to reinforce the importance of sustainability.

Report on Energy-Saving Reminders by Class 7 Students

As part of the Eco Club's ongoing initiatives to promote environmental consciousness, the students of Class 7 actively participated in preparing creative and impactful reminders to save energy. The activity aimed to instill responsible habits and raise awareness about the importance of conserving energy for a sustainable future.

Details of the Activity:

1. **Brainstorming Session:** Students collaborated to discuss various ways energy is wasted and identified effective methods to save energy.
2. **Preparation of Reminders:** Using chart papers, recycled materials, and digital tools, students designed posters, slogans, and infographics highlighting energy-saving tips.

3. Themes of Reminders:

- Switching off lights, fans, and appliances when not in use.
- Using energy-efficient devices.
- Emphasizing the use of natural light and ventilation.
- Encouraging the practice of carpooling, cycling, and walking.
- Promoting renewable energy sources like solar power.

Outcomes:

- Students exhibited creativity and innovation in designing reminders.
- Awareness about energy conservation increased among students and staff.
- The posters were displayed across the school premises, including classrooms, corridors, and the staff room, to serve as daily reminders for the school community.

Feedback and Observations:

- The activity was well-received by students and teachers.
- Students demonstrated a sense of responsibility and enthusiasm.
- The reminders created by the students were impactful and visually appealing.

Conclusion:

The energy-saving reminder activity successfully met its objectives of fostering environmental awareness and encouraging sustainable habits among students. It also contributed to the overall goals of the Eco Club in making the school a greener and more responsible community.

QUIZ CLUB

The Quiz Club has been one of the prominent clubs in school with a large student body and regular activities. This academic year, the club has achieved remarkable landmarks including securing the first and the sixth places and bagging many audience prizes in the Indian Military History Quiz conducted by the Colors of Glory Foundation. Notably, they clinched the 1st prize in the Navy Day Quiz conducted at INAS 313 and also secured the 5th place out of 350 teams in the prestigious Rotary Club Galaxy Quiz.

The club also won the **1st prize in the Scintillations Culturals'** Quiz at PS Senior Secondary School and secured **3rd place in the Impressionz Culturals'** at NPS. Teams selected from the Quiz Club also took part in numerous cultural events such as Chettinad Vidyashram's Maithri and Sir Sivaswami Kalyala's Kalpakosha, making their presence felt. Several teams from the club also have represented the school in the IRS quiz at the Aayakar Bhavan, the INDICA-The India Quiz at the Sir Pt Thiyagrayar Kalaiyarangam and

have also gone to the finals of various quizzes in the city such as the CUE 2024 conducted by BV Bhavan's Rajaji Vidyashram.

This year the club has held selections for students from across the classes to enable their participation in Inter-school quizzes. With several quizzes planned for the months ahead, the club aims to not just inculcate competitive spirit amongst students but also aims to improve students' understanding and knowledge in the realm of quizzing. Several Inter-class quiz competitions are planned to be held on a range of topics to encourage students learning and help them to prepare for upcoming quizzes. This year has been another glorious feather in the cap of the club.

Students In charge:

Club In-charges (Class 12) - Satyajith R, Satya Varshit C R

Club In-charge (class 11) - Sharaesh P

Club In-charge (Class 10)- Tejas Pant

Club In-charge (Class 9)- S Sreehari Kumar

Notable Achievements this year

- Sharaesh P, Bhaavik Singh and Rishi R won the third place in this year's Quiz held as a part of the 'Impressionz' cultural of the National Public School.
- Three teams had participated in the prestigious Galaxy Science and Technology quiz conducted by the Rotary Club Chennai on 24th July 2024 at Kamaraj Arangam, attended by over 250 teams from various school of Chennai. All teams the teams scored extremely well in the preliminary round.
- The team comprising of Raja Murugesan R (XII C), Satya Varshit C R (XII D) and Neel Umesh Mantri (XI A) qualified for the onstage finals and secured the 5th position in the quiz, bagging several incentives.
- The Indian Revenue Service (IRS) Quiz was held on 19 July 2024 in Vaigai Hall, Nungambakkam, Chennai, covering a variety of topics like Science, History, Sports, Pop Culture, and Current Affairs. Talented students Bhavya Doshi, Jaiaakash G, Aarush Jain, Siddhant Sharma, VJ Raghav, and Kaanav Jain from Class IX and X participated and showcased their knowledge. They delivered an excellent performance in the first round and had scored extremely well even in the finals.

- Team of Satyajith R XII E and Divyan S XII D won the first place (cash prize of Rs. 2500 each) in the Indian Military history quiz conducted by the Colours of Glory foundation at the Russian center for culture and science on the 28th July 2024, Sunday among the 105 teams that participated. While, Rishi K XB and Mukundan XB also won the 6th place (cash prize Rs. 500 each). The team of Satya Varshit and Krithik Balaji also won an audience award.
- Team of Aditya Vijay XI D and K Rishi X B clinched the first place in the Navy Day Quiz conducted at INAS 313 on 8th November 2024.
- Teams selected from the quiz club also took part in numerous cultural events such as Chettinad Vidyashram's Maithri, PS's Scintillations, and Sir Sivaswami Kalyala's Kalpakosha, making their presence felt.
- Several teams from the quiz club also have represented the school in the IRS quiz conducted at the Aayakar Bhavan), the INDICA –The India Quiz conducted at the Sir Pt Thiyaagarayar Kalaiyarangam and have also gone to the finals of various quizzes in the city such as the CUE 2024 conducted by BV Bhavan's Rajaji Vidyashram.
- Team of Siddhant Sharma of X B and Tejas Pant of X B finished as 2nd runner-up in the National Science Quiz- Vigyasa conducted by Shri TP Bhatia College of Science at Kandivali, Mumbai on 14th December 2024.
- The students of Class VII and VIII have also showcased exemplary performance in various competitions, including the TCS Quiz. Their remarkable achievements reflect their dedication, intellect, and competitive spirit across different domains.
- During the Entrepreneurship Week, students of Class XI F organized an engaging quiz competition for Class IX students. After intense prelims among 14 teams, the top six advanced to the finals. Ashwin S and Sri Raghav G H secured 1st prize, Vimal P and Narain Aditya B A won 2nd, while Bhawen M and Sriniket H claimed 3rd place, displaying remarkable knowledge.
- This year the club has held selections for students from across the classes to enable their participation in inter school quizzes. With several quizzes planned for the months ahead, the quiz club aims to not just inculcate competitive spirit amongst students but also aims to improve students' understanding and knowledge in the realm of quizzing.

- Several inter class quiz competitions were planned to be held and on a range of topics to encourage students' learning and help them to prepare for upcoming quizzes.

GREEN OLYMPIAD

The green Olympiad is an annual environmental examination organized by TERI conducted in DAV to promote environmental awareness and build the capacity among the students to sensitize students about the environment sustainability and green skills

HEALTH AND WELLNESS CLUB

ACTIVITIES

Activity : 01
Participants: V
Concept : Dietary Patterns Poster Making

The Health Club organized an engaging and educational event, the "Healthy Eating Poster Contest," designed for students in Class 5. This event aimed to inspire young learners to explore and understand the importance of balanced dietary patterns and how healthy eating contributes to overall well-being.

Objective: The main objective of the contest was to encourage students to express their knowledge and creativity by designing informative posters that promote healthy eating habits. Through this activity, students learned about various food groups, the benefits of a balanced diet, and the impact of nutrition on their health.

Participation: Students eagerly participated in the contest, each creating a unique poster that illustrated key concepts of healthy eating. The posters showcased a variety of themes, including the importance of fruits and vegetables, the benefits of whole grains, and the need to limit sugar and junk food intake.

Key Topics Covered: Food Groups: Understanding the different food groups (fruits, vegetables, grains, protein, dairy) and their role in a balanced diet. Nutritional Benefits: Highlighting the nutritional benefits of various foods, such as vitamins, minerals, and fiber.

Healthy Eating Habits: Emphasizing the importance of regular meals, portion control, and hydration.
Avoiding Unhealthy Foods: Educating about the negative effects of excessive sugar, salt, and processed foods.

Student Engagement: The contest fostered a sense of enthusiasm and curiosity among the participants. Students researched their topics, discussed with peers and teachers, and utilized their artistic skills to create visually appealing posters. The activity not only enhanced their understanding of healthy dietary patterns but also improved their presentation and communication skills.

Winners:

Class V

1. Manan Bohra
2. Shashank Pavan A
3. Pranav S

Activity : 02

Participants: IX and X

Concept : Healthy Surroundings Ppt presentation

As part of our school's Health and Wellness club effort to promote healthy surroundings among a PowerPoint presentation was conducted for class IX students. The presentation aimed to educate students on the importance of maintaining a healthy environment and its impact on their physical and mental well-being.

Objectives

The objectives of the presentation were:

1. To create awareness among students about the importance of healthy surroundings.
2. To educate students on the key components of healthy surroundings.
3. To encourage students to take measures in maintaining a healthy environment.

Overview: The presentation covered introduction to Healthy Surroundings definition, importance, and benefits. Key Components of Healthy Surroundings were clean air, clean water, sanitation, green spaces, and safe housing. Impact of Unhealthy Surroundings like air and water pollution, waste management, and climate change.

Student Response: The students actively participated in the presentation, asking questions and sharing their thoughts on the importance of healthy surroundings. The presentation was well-received, and students showed enthusiasm for taking action in maintaining a healthy environment.

Volunteers:

Srijith SD XII D

Activity : 03

Participants: IX

Concept : “Be a Germ Buster” – Steps and importance of hand wash

As part of our school Health and Wellness Club’s effort to promote good hygiene practices among our students, a hand wash activity was conducted by the students of class IX. The activity aimed to educate students on the importance of hand washing and demonstrate the correct steps to follow.

Objectives

The objectives of the activity were

1. To educate students on the importance of hand washing.
2. To demonstrate the correct steps for hand washing.
3. To promote good hygiene practices among students.

The activity a brief introduction was on the importance of hand washing. A step-by-step demonstration of the hand washing process was given. Students participated in a practical session where they washed their hands using soap and water.

A supporting video was also played showing the steps of hand wash and how can we prevent germs and diseases by hand wash.

Participation and Response

The activity saw enthusiastic participation from students of class I and II where they repeated the hand washing steps along with demonstrator. Students showed keen interest in learning about the importance and steps of hand washing.

Activity 04

Participants: XI

Concept : Dare to Be Healthy – Campus care awareness campaign

"Dare to Be Healthy" is a Health and Wellness club activity to explore essential aspects of maintaining a healthy lifestyle. This includes balanced nutrition, regular physical activity, effective stress management, and personal hygiene practices. These simple yet crucial habits can lead to a healthier, happier life for everyone. In this activity our aim is to show how we can all make smarter choices for a better tomorrow.

Our main focus is to concentrate on healthy eating. This means having a balanced diet a diet rich in fruits, vegetables, whole grains, and lean proteins for nutrients needed for growth and health. Choosing nutrient-dense snacks which helps to maintain energy levels throughout the school day. And keep hydrated to improve our brain function, concentration, and physical health.

Students were also exposed to some physical activity for 60minuits a day which includes fun exercises also stress management.

Personal Hygiene is another important aspect of healthy living which is also covered i the presentation. Proper handwashing with soap, oral health, germ prevention are some of the key areas covered under this topic.

Volunteers:

1. Bhuvanesh.AC XI E
2. Ashwin. V XI E
3. Dheeran. D XI E
4. Nethra Balan. P XI E

Activity: 05

Participants: I and II

Concept: Healthy Snacks Week

Health and Wellness club has organized a "Healthy Snacks Week" event for classes I and II to make the tiny tots understand about healthy eating habits. The activity aimed to educate students on the importance of healthy snacking and provide them with nutritious snack options.

Objectives: The objectives of the activity are to promote healthy eating habits among students. To educate students on the benefits of nutritious snacking. To provide students with healthy snack options.

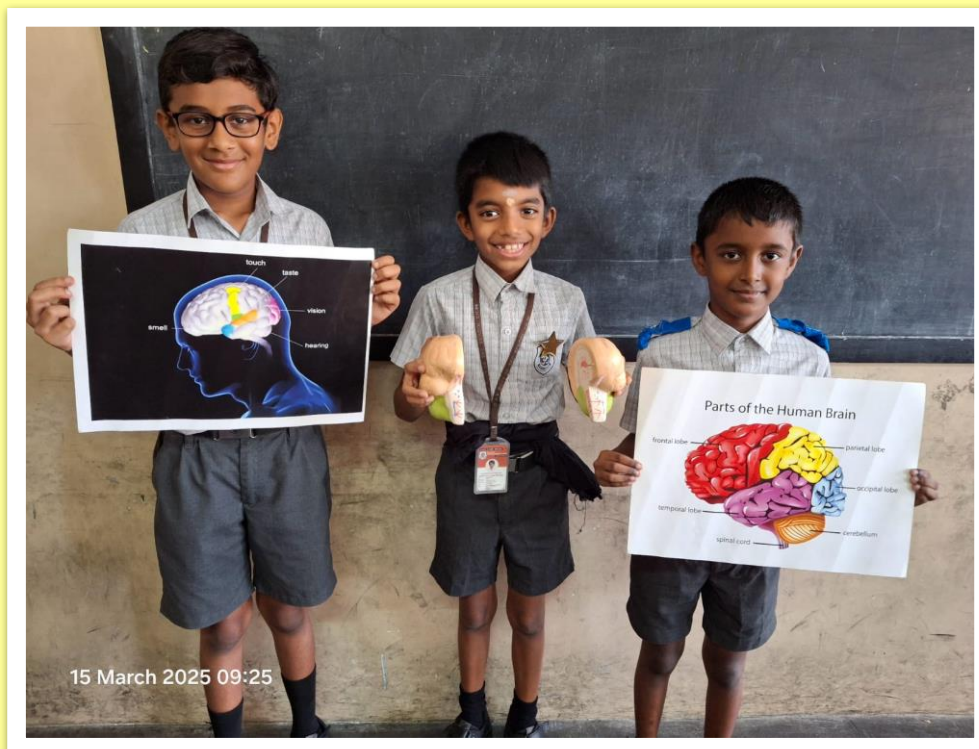

Students brought healthy snacks from home and share them with their classmates. Students from class IX gave a talk to educate the tiny tots on the importance of healthy snacking and provide them with tips on making healthy snack choices.

29st Sep 2024[Saturday]

Activity : 06

Participants: IV

Concept : Organs Tell Their Story – Roll play/Talk show

The Health & Wellness Club conducted an engaging and educational role-play event, "Organs Tell Their Story," for students of Class IV. This interactive activity aimed to foster a deeper understanding of human organ functions and the importance of maintaining good health.

Objective: The primary objective was to provide a fun and memorable learning experience, enabling students to grasp the complexities of human organs in a simplified and relatable manner. By using role-play, we sought to encourage active participation, develop communication skills, and promote a sense of responsibility towards their own health.

Participation: Students were divided into groups of three and provided with images of key organs. Each group was tasked with creating a short, two-minute role play in which the organs "told their stories" explaining their functions, how they contribute to overall health, and how to care for them. The students enthusiastically embraced the challenge, demonstrating creativity and a willingness to learn.

Key Observations:

- **Active Learning:** The role-play format facilitated active learning, allowing students to internalize information through performance and collaborative interaction.

- **Enhanced Understanding:** Students displayed a notable understanding of organ functions and health maintenance, effectively conveying complex concepts in a clear and engaging manner.
- **Collaborative Spirit:** The group-based activity promoted teamwork and collaboration, with students working together to develop their role plays and support each other's learning.
- **Confident Communication:** The students demonstrated confidence in their communication skills, effectively presenting their role plays to their peers.
- **Imaginative interpretation:** The students used their imaginations to make the organs seem alive, and relatable.

Student Engagement: The students were highly engaged throughout the event, demonstrating a lively interest in the subject matter. They approached the role-play with enthusiasm, incorporating creative elements and demonstrating a genuine desire to learn. The atmosphere was filled with laughter and learning, creating a positive and memorable experience.

Winners:

I prize - Karthikeyan, Lakshith Kumar, Vishrudhram IV A

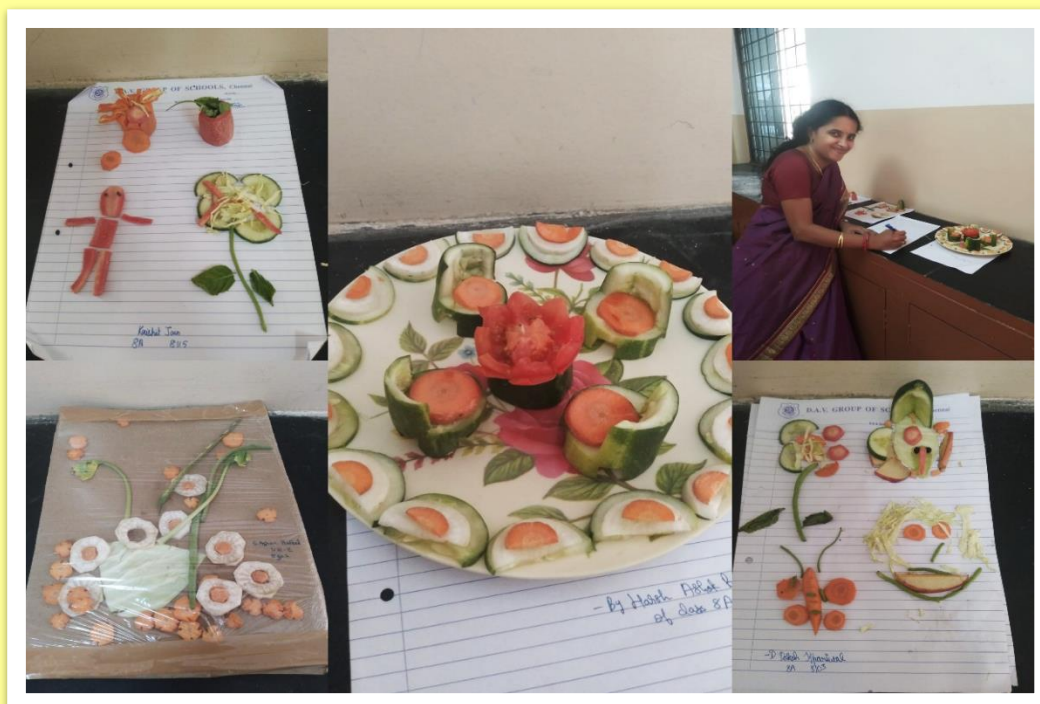

II prize - Lingesh. S, Sudhan. S, Naveen Balachandar IV B

III prize - Sathvik. V and Rakshan. B IV E

Activity : 7

Participants: VIII

Concept : Vegetable carving

The Health & Wellness Club organized a vegetable carving event for students of Class VIII. This event was designed to encourage creative expression and refine fine motor skills while also fostering an appreciation for the aesthetic potential of healthy food.

Objective: The core objective was to provide students with a platform to explore their artistic talents through the medium of vegetable carving. By offering an open-ended topic, we aimed to stimulate individual creativity and innovative thinking, allowing students to translate their unique visions into tangible forms.

Participation and Execution: The event saw enthusiastic participation from students of Class VIII, who demonstrated a remarkable level of dedication and creativity. Each participant brought their unique interpretation to the table, transforming ordinary vegetables into intricate and visually appealing creations. The level of skill and attention to detail displayed was truly commendable.

Key Observations:

- **Creative Ingenuity:** Students showcased a diverse range of artistic styles, from representational forms to abstract designs, reflecting their individual creative perspectives.
- **Skill Development:** The event provided a practical avenue for students to enhance their fine motor skills, hand-eye coordination, and spatial reasoning.
- **Engagement and Enthusiasm:** The students exhibited a high level of engagement throughout the event, demonstrating a genuine interest in the art of vegetable carving. There was a palpable sense of focused creativity in the room.
- **Aesthetic Appreciation:** By transforming vegetables into art, the event subtly encouraged an appreciation for the natural beauty and versatility of these essential food items.

Student Engagement: The students immersed themselves in the activity, demonstrating a focused and collaborative spirit. They approached the task with enthusiasm, sharing techniques and offering constructive feedback to their peers. It was evident that the event provided a stimulating and enjoyable learning experience.

Conclusion: The Vegetable Carving Event was a successful undertaking, effectively achieving its objectives of promoting creativity, skill development, and an appreciation for healthy food. The students' participation and the quality of their work were a testament to their talent and dedication. We were particularly impressed by the diverse range of artistic expressions and the meticulous attention to detail displayed. This event reinforced the Health & Wellness Club's commitment to providing students with opportunities for holistic development, blending artistic expression with an appreciation for healthy living.

Winners:

1. Harsh Ashok Bagda 8A – 1st prize
2. S Azhar Hafeed 8E – 2nd prize

SCIENCE CLUB

The Science Club at D.A.V. Boys Senior Secondary School has embarked on an inspiring journey in the academic year 2024-2025, fostering a passion for science, innovation, and critical thinking among students. The club's inauguration, held in the primary auditorium, set an enthusiastic tone for the year with a captivating skit on the evolution of technology and Artificial Intelligence (AI).

Since then, the club has organized several engaging activities, including a survey on Climate Change and Renewable Energy Sources for Classes IX and X, which received responses from about 153 students.

Students from Class VII collected and classified items like bangles made from various materials, stamps, and spices, enhancing their observational and critical thinking skills while promoting environmental awareness and sustainable practices. Additionally, students of Classes VI, VII & VIII participated in a Project-Based Learning activity, where they brainstormed and selected a topic, divided it into 5-6 subtopics, and created a questionnaire with an average of 50 questions.

They surveyed 50 to 120 respondents, analyzing the data to create statistical representations. One of the teams from class VIII surveyed on "Waste Reduction & Recycling in Marina", aligning with the club's motive towards environmental awareness. Looking ahead, the club has planned exciting events, including quiz, doodling competition, and a round of Pictionary, all aimed in maintaining the excitement and fostering scientific exploration. The Science Club is eager to continue its journey of discovery, providing innovative and enriching experiences for its members.

ROBOTICS CLUB

INAUGURAL SEMINAR (30-08-2024)

The Robotics Club commenced its activities for the academic year 2024-2025 with an inaugural seminar aimed at introducing students to the fundamentals of robotics. The session was primarily targeted at students of 8th Standard, providing them with insights into the significance of robotics, its applications, and potential career paths. During the seminar, the following key topics were covered:

- **Fundamentals of Robotics:** An overview of robotics, including its basic components, working principles, and real-world applications.
- **Why and How to Join Robotics:** The benefits of engaging in robotics at an early stage, the different pathways to explore the field, and available opportunities within and beyond the school.
- **Resources for Learning:** Guidance on accessible learning materials, online courses, and practical projects to help students build their skills in robotics and related technologies.

The seminar aimed to foster curiosity and encourage participation in robotics-related activities, ensuring that students had a clear understanding of how to get started in the field.

CAREER GUIDANCE (ROBOTICS)

SEMINAR BY YOGESH VIJAYKUMAR (13-1-25)

As part of our initiative to provide career-oriented insights, the club hosted a seminar featuring Yogesh Vijaykumar, an alumnus of our school (Batch 2020-2021), who is currently working as a Robotics Software Engineer in Japan. The session focused on career opportunities in robotics, offering students a deeper understanding of the skills and knowledge required to excel in this field. Key takeaways from the seminar included:

- **Personal Journey in Robotics:** Yogesh shared his experiences in pursuing a career in robotics, detailing the challenges and milestones he encountered.
- **Introduction to ROS (Robot Operating System):** He emphasized the importance of learning ROS, a widely used framework in robotics development, and demonstrated its applications in the industry.
- **Professional Networking:** The significance of building professional connections through platforms like LinkedIn was highlighted, encouraging students to actively engage with industry professionals and peers to expand their career opportunities.

The seminar provided valuable insights into real-world applications of robotics and served as a source of motivation for students aspiring to enter the field.

The Robotics Club continues to strive towards fostering innovation, technical expertise, and industry exposure for students. Through participation in competitions, interactive sessions, and hands-on projects, we aim to provide a platform for students to develop their skills and contribute to technological advancements in robotics.

PROJECTS

1. AIDMOS: Disaster Relief System

The club actively participated in the Raspberry Pi Coolest Projects competition, where we presented AIDMOS, an advanced disaster relief system designed to enhance search-and-rescue operations. AIDMOS utilizes drones and infrared sensors to detect and locate individuals trapped in disaster-affected areas. The system integrates the YOLO V5 model, a state-of-the-art object detection algorithm, to accurately identify human presence amidst debris and challenging terrains. The key features of AIDMOS include:

- **Autonomous Drones**
- **Real-time Data Processing**
- **AI-Driven Detection**
- **Remote Accessibility**

2. Bluetooth-Controlled Car Project | Robu Createo 3.0

As part of the **Robu Createo 3.0** competition, a team of club members developed a **Bluetooth-controlled car** using the **Arduino Uno** microcontroller and the **HC-05 Bluetooth module**. This project was undertaken by **Inay Chauhan, Jegga Chakravarthy, and Lakshmanan AR of XI D**, members of Karyantra Vihar. The vehicle was designed to be operated wirelessly through the **BT Joystick** mobile application, which established a Bluetooth connection with the Arduino. The car's movement was controlled via programmed signals, allowing for real-time maneuverability. The key technical aspects of the project included:

- **Microcontroller-Based Control**
- **Bluetooth Communication**
- **Embedded C Programming**
- **Motor Driver Integration**
- **Mechanical Design**

As part of the **Robu Createo 3.0** competition, a team of club members developed a **Bluetooth-controlled car** using the **Arduino Uno** microcontroller and the **HC-05 Bluetooth module**. This project was undertaken by **Inay Chauhan, Jegga Chakravarthy, and Lakshmanan AR of XI D**, members of Karyantra Vihar.

The vehicle was designed to be operated wirelessly through the **BT Joystick** mobile application, which established a Bluetooth connection with the Arduino. The car's movement was controlled via programmed signals, allowing for real-time maneuverability. The key technical aspects of the project included:

- **Microcontroller-Based Control:** The Arduino Uno processed commands received from the mobile application, enabling navigation.
- **Bluetooth Communication:** The HC-05 module facilitated serial communication between the Arduino and the smartphone for real-time execution of control signals.
- **Embedded C Programming:** The system was programmed in C, implementing algorithms for motor control and responsiveness.
- **Motor Driver Integration:** The **L298N motor driver** was used to regulate speed and directional movement.

- **Mechanical Design:** The car featured **spring suspension and shock absorption**, improving stability and adaptability to different surfaces.

This project provided practical experience in **wireless communication, embedded systems, and mechanical design**, contributing to the team's understanding of robotics and automation.

3. GARUDA 2.0

An **ornithopter, Garuda 2.0**, is currently being developed as a project by **Jegga Chakravarthy** on behalf of the Robotics Club, with assistance from **A.R. Lakshmanan** and juniors from 8th grade, **Vahai, Muthu Nilavan and Gurudev**. The initial prototype was constructed using **aluminum**, which resulted in excessive weight. To enhance **aerodynamic efficiency**, the second version was redesigned using **reinforced chopsticks and lightweight cardboard** for a more balanced structure. While the **mechanical framework** of the robotic bird is complete, the **hardware integration** is still in progress. A **2.4 GHz receiver** is yet to be installed to enable remote control functionality. Once finalized, the ornithopter will be fully operational and ready for flight.

Robotics Expo 2024-2025: A Showcase of Innovation and Creativity

The Robotics Expo 2024-2025 was a remarkable event that encouraged students to explore technology, creativity, and teamwork. The event spanned three days, featuring outstanding projects from students across different grade levels. Participants were given the freedom to select their topics and develop innovative projects, with many utilizing Arduino, sensors, and advanced technology to bring their ideas to life.

March 13, 2025 – Class 7

A total of 12 projects were presented by 28 participants. Students worked individually, showcasing their unique ideas and technical skills. The projects demonstrated creativity and technical proficiency, with many incorporating Arduino and sensor-based applications. The top three projects were as follows:

- 🏆 **1st Place:** Toll Gate
- 🏆 **2nd Place:** Robotic Arm
- 🏆 **3rd Place (Tie):** Thermo Peltier Cooler
- 🏆 **3rd Place (Tie):** Wi-Fi Car

March 14, 2025 – Class 6

Eighteen projects were developed by 36 participants, focusing on the selection and application of electronic components in innovative ways. The students displayed exceptional understanding of component integration and functionality. The top projects were:

- **1st Place:** Automatic Watering System
- **2nd Place:** Hydro Electric Power Plant
- **3rd Place (Tie):** Metal Detector
- **3rd Place (Tie):** Rain Alert System

March 15, 2025 – Class 8

Fifteen projects were presented by 47 participants. These projects were more complex, integrating Arduino, sensors, and Bluetooth technology. The students demonstrated advanced technical knowledge and problem-solving skills. The best projects were:

- **1st Place:** Distance Measurement Sensor
- **2nd Place:** Bluetooth Speaker
- **3rd Place (Tie):** Bluetooth Car
- **3rd Place (Tie):** Keypad Door Lock System

The Robotics Expo 2024-2025 surpassed expectations, fostering innovation, collaboration, and technical excellence. The overwhelming success of this event has laid a strong foundation for future expos, inspiring students to push the boundaries of technological advancement and creativity. With increasing participation and growing enthusiasm, upcoming editions of the expo are expected to feature even more groundbreaking projects and technological advancements.

COMPUTER SCIENCE CLUB

The Computer Science Club is one of the most dynamic and innovative clubs of the school, providing students with opportunities to explore the ever-evolving world of technology. Through various activities, workshops, and competitions, the club nurtures creativity, problem-solving skills, and technical expertise among students. The Computer Science Club commenced its activities for the academic year with an inspiring inauguration event. Shashank Ranganathan (XII-D), Akhilesh JC, Sraeshta Sabarish and Inay Chetan Chauhan (XI-D) delivered an engaging live presentation where they demonstrated how the school's website is updated in real time by explaining the process in developing and maintaining such an application using modern technologies & developer tooling

Club Activities

The following activities were conducted by CS Club in the academic year 2024-25

E-Certificate Designing Competition - This competition provided students with an opportunity to showcase their creativity in digital design. Participants were tasked with designing professional and aesthetically pleasing e-certificates using graphic design tools. The competition emphasized elements such as typography, color schemes, and layout, ensuring that students developed an eye for professional document presentation

Website Designing Competition - The Website Designing competition challenged participants to create dynamic and engaging websites based on predefined themes. Students were given a selection of topics, requiring them to implement design principles, responsive layouts, and user-friendly interfaces

Video Editing Competition - This competition tested students' skills in storytelling, visual effects, and digital content creation. Participants were required to edit and compile engaging videos using

professional editing software. This event encouraged students to explore various aspects of video production, content creation, visual communication, resulting in captivating final product

WINNERS LIST		
NAME OF THE COMPETITION	CLASS	STUDENTS NAME
E-CERTIFICATE DESIGNING	VIII E	KANISK
	XI D	NELSON
	XI D	SAI INIYAN
WEBSITE DESIGNING	VIII A	MUTHU NILAVAN
	IX A	JAI AKASH
	IX D	VIMAL P
VIDEO EDITING	XI C	ADIEESH V K
	XI A	KRITHIK BALAJI J
	IX C	THARUN PRANAV R
	IX D	TANUJ PRASAD N

Apart from the competitions, two specialized teams within the Computer Science Club play a crucial role in maintaining the school's digital presence and technical operations

Team **DARVIS** is responsible for the development and maintenance of the school's website. This dedicated team ensures that the website is always updated with the latest information, optimizing its functionality and design for a seamless user experience. Their expertise in web technologies helps keep the digital platform dynamic and informative

Team **JARVIS** handles the technical aspects of the school's Annual Day Program. This team works on video editing, sound effects, and other multimedia elements to enhance the overall experience of the event. Their contributions ensure that the technical aspects of the program run smoothly, incorporating high-quality audio- visual elements to make the event memorable.

The Computer Science Club's events not only provided a platform for students to exhibit their technical and creative prowess but also nurtured their soft skills, problem-solving, and digital knowledge. With an exciting lineup of activities, the club continues to inspire students to explore the ever-evolving world of technology, equipping them with skills essential for the future. The enthusiastic participation and innovative outcomes of these competitions reinforce the importance of practical learning in the field of computer science

Website Designing Competition - The Website Designing competition challenged participants to create dynamic and engaging websites based on predefined themes. Students were given a selection of topics, requiring them to implement design principles, responsive layouts, and user-friendly interfaces

THE MAKER'S LAB

The Maker's Lab is a facility offered by our school to let students learn, experience and perform creative woodworking and carpentry. The facility comprises 7 machines - Combined Plane, Band Saw, Chisel Mortiser, Belt Disk Sander, Bench Drill, Jigsaw Machine, Wood Lathe machine. We are provided with two types of wood - Indowud (an eco friendly panel product) and Plywood. This is one of the most unique facilities offered by our school as it is lightweight and user- friendly. The maker's Lab is a productive environment which can act as a medium for students to present our creativity in a material medium

We and Maker's Lab

Maker's Lab provided us an immense help in bringing our project idea into a reality. We - Jegga Chakravarthy and Nabhay of class XI, had enrolled into a mathematics model competition conducted by Sudharshanam Vidyashram on 24 August 2024.

Regarding the competition, our working model idea was Da Vinci's Odometer.

We found the Maker's Lab as an ideal solution to make this model made by the revolutionary scientist. Maker's Lab provision of various facilities served to be an immense boon unparallel to any other. On a day-by-day process, our teacher coordinators - Mr.Koushik sir and Mr. Vidhyasagar sir regularly guided and provided us with valuable insights on the making of the project through wood. We were also assisted by Mr. Vinoth and Mr. Karthi. We were able to work to fullest potential with the equipment available in the lab.

Our Project and its Making:

Our project was Da Vinci's odometer, which measured the distance covered by an object through periodical dropping of metal balls at each revolution of the object's wheel involving the mathematical concept of circumference of circles and their linear application, simple yet an important invention. The idea was provided and researched initially by Jegga Chakravarthy and Voola Nabhay Patro and furthermore the designing of the project to our requirements and respective scaling was done by all four of us with the help of our teachers.

The gears involved were horizontal, vertical disc gears and worm gear. The worm gear was handmade by Jegga Chakravarthy with help of shilpkar/ mould-it clay. The disc gears were made out of cardboard which was strengthened by the correct use of fevi-quick. The front part of the machine is balanced by a plastic roller. The frame designed in such a way that the ball dropped for a specific distance is caught in a box.

This means that the distance travelled by the vehicle is indicated by the number of balls and hence the name odometer.

The machines used were the bench drill, wooden lathe machine, vertical band saw and belt sander including hot glue. We were able to safely use all the machines with the help of our teacher's guidance.

The result of the project was a very clean machine. The difference in the reading taken by moving the odometer and by using the formula was just 0.3 inches and this was due to the fact that there was always a room for human error as everything was hand made by us.

We were able to secured first place at the exhibition after demonstrating our working model.

GUEST LECTURES

Guest Lectures add depth to learning exposing students to diverse thoughts and experience. They play a vital role in shaping young minds through interaction with experts and achievers.

S. NO	DATE	SPEAKER	SPEAKER PROFILE	TOPIC	AUDIENCE
1.	26.03.24	Mr. Amrutash Mishra	Renowned author and publisher.	Future prospects	XII - Commerce
2.	18.07.24	Dr. Atheeshwardas	Distinguished eye surgeon, DAV Alumnus	Myopia	VII & VIII
3.	19.07.24	Adithya Sai Vittal	DAV Alumnus, Pursuing MBBS in MMC	NEET preparation	XI & XII
4.	23.07.24	Mr. B.R. Subhramanyam	DAV Alumnus, pursuing Ph. D in IISER.	Positive attitude, time management, systematic preparation	XII
5.	26.07.24	Col. Ranganathan	Motivational Speaker	Kargil Vijay Diwas	IX & XI

DAAN UTSAV

Date: 19.10.2024 to 26.10.2024

As part of our ongoing commitment to nurturing values of compassion and community service among our students, our school celebrated Daan Utsav Week from 19th October to 26th October 2024 with great enthusiasm and purpose. Every class participated in meaningful activities aimed at spreading joy and kindness to various sections of society. Here's a glimpse of the thoughtful contributions made by each group:

- **Classes I to III**

The youngest members of our school community collected and donated notebooks and stationery items, supporting the education of underprivileged children.

- **Classes IV & V**

Students brought in utility items such as toiletries, ensuring the basic hygiene needs of the less fortunate were met with dignity.

In total, 13 thoughtfully packed boxes were donated — comprising 9 boxes of stationery items and 4 boxes of essential toiletries.

- **Class VI**

The students collected groceries and pulses throughout the week. Additionally, they contributed food for attenders and sweepers on selected days (21st October to 24th October 2024).

- **Class VII**

With a green thumb and lots of creativity, students prepared name cards for all plants, enhancing our school's gardening initiative.

- **Class VIII**

Students rolled up their sleeves to clean the Art and PT rooms, demonstrating responsibility and teamwork.

- **Classes IX & X**

These students donated essential items like gloves, bath towels, hand towels, and jute bags. They also spread awareness on traffic regulation, showing concern for public safety and the environment.

- **Class XI**

A group of students taught attenders about health consciousness, while others helped them learn simple English words and sentences. Another set of students took the initiative to educate primary students about waste management, thus promoting eco-awareness.

- **Classes XI & XII**

Together, they collected blankets, steel water bottles, and travel bags. They also planned a visit to an orphanage, spreading warmth and smiles to children in need.

Special Highlights:

- **Health Awareness Sessions**

Thoughtful and engaging health sessions were organized for the school attenders to empower them with knowledge about hygiene and self-care.

- **Distribution of Groceries and Nuts**

Carefully collected groceries and healthy nuts were lovingly packed and distributed to attenders and municipal workers — a small token of appreciation for their tireless service.

- **Waste Management Education**

Primary school students were sensitized about the importance of waste segregation and sustainable living through interactive classes and fun activities led by senior students.

Through acts of giving and sharing, our students learned the invaluable lesson that true happiness lies in bringing joy to others. Daan Utsav 2024 was not just a celebration — it was a reminder that each one of us has the power to make a difference.

CAREER COUNSELLING

"Guiding minds today to shape the careers of tomorrow"

Career counseling plays a vital role in helping students understand their strengths, interests, and opportunities. It empowers them to get aligned with their goals and aspirations.

DATE: 29.09.2024

DURATION: 1 1/2 HOUR

CLASSES ATTENDED: XII SCIENCE & COMMERCE STREAM

SPEAKER: MR. RAJESH, Alumni of 1997 batch, TIME

An interactive session on courses after Commerce in Twelfth and jobs post completion of law and on profile building was conducted for the students of Classes XII on 29.09.24. Mr. Rajesh is an alumnus of D.A.V Boys Gopalapuram from the 1986 batch, currently an Academic Manager in TIME.

DATE: 06.07.2024

DURATION: 1 1/2 Hours

CLASSES ATTENDED: XI COMMERCE and SCIENCE STREAM

SPEAKER: MR. AJITH KUMAR, Alumni of 2019

Ajith Kumar, an Alumni of 2019 batch, elaborated on careers in animation and multimedia, which was new to the students of Class XII.

He also explained on the courses, students would be able to take up after pursuing 'Animation' and briefed about the career opportunities and the merits and demerits of the course.

Date: 13.01.25

Duration: 11/2 Hours

Class Attended: XI

Speaker: Mr Yogesh Vijayakumar

DAV Alumnus, Robotics software Engineer

The speaker explained about the courses students could pursue in Robotics and AI after class XII. Made a clear presentation to various aspects which includes the scope, merits and demerits in this field.

Date: 18.02.25

Duration: 11/1 Hours

Class Attended: IX and XI

Speaker: Mr. Anil Kiccha

Chartered Accountant and Insolvency Professional

Briefed about how to get self-motivated to clear UPSC and CA prelims and Mains.

Date: 12.02.25

Duration: 11/2 Hours

Class Attended: XI

Speaker: Mr. Rohith

Alumnus, Climate finance and private sector specialist in UNDP, at Rome Centre

Topic - Career in Development. The guest speaker highlighted the importance of internships and how to align the career choices with core principles.

ANNUAL DAY -2024

(VISHWA BANDHU BHARAT)

The Annual Day 2024 celebrations was honoured by the gracious presence of our Chief Guest Shri. Kaviraj Nair, CEO of the office of Institutional Advancement, IIT Madras. The theme of the event was "VISHWA BANDHU BHARAT," a prestigious and remarkable event that epitomized our institution's dedication to holistic education and the nurturing of well-rounded individuals. The evening showcased a captivating display of cultural prowess, where our students exhibited their diverse talents through enchanting dances, soulful music renditions, articulate speeches in both English and Tamil, and compelling dramatic presentations. The Annual Day celebration spotlighted the academic excellence and the vibrant cultural tapestry that enriches our school community, leaving an indelible mark on all attendees.

INDEPENDENCE DAY CELEBRATIONS 2024

The 78th Independence Day was celebrated with great enthusiasm and patriotic fervor at D.A.V. Boys Senior Secondary School, Gopalapuram on Thursday, 15th August 2024. The event was graced by Col. Ganesh Bhat, SM, from the Young Leaders Training Wing, OTA, who had kindly consented to be the Chief Guest for the occasion.

The celebration commenced at 7:30 AM with the ceremonial hoisting of the National Flag by the Chief Guest, followed by the Flag Song and National Song (Vande Mataram), which echoed the spirit of unity and freedom across the campus.

The programme began with a warm welcome address delivered by a student representative, followed by a series of thought-provoking speeches.

Our Principal Mrs. Swarna Karpagavalli addressed the gathering, emphasizing the significance of the day and encouraging students to contribute towards building a strong and self-reliant India. The Chief Guest, Col. Ganesh Bhat, delivered an inspiring keynote speech, highlighting the role of youth in nation-building and the importance of discipline and leadership.

Cultural Programme Highlights

The theme "***Viksit Bharat - Vijayi Bharat***" was brought to life through a vibrant and meaningful cultural programme, which included:

Group Song: "Echoes of Victory" – A soulful performance celebrating India's brave hearts.

Tamil Speech – Emphasizing regional pride and contributions to national progress.

Hindi Speech: "Azadi ki Nayi Soch, Nayi Udaan" – Reflecting the aspirations of modern India.

English Speech: "Towards an Empowered Bharat" – Focusing on innovation, education, and youth empowerment.

Mime Act: "Where Expressions Speak Louder than Words" – A powerful depiction of India's journey from struggle to strength.

Each performance reflected the values of patriotism, unity, and development, leaving the audience inspired and proud.

The programme concluded with a heartfelt Vote of Thanks followed by the singing of the National Anthem. The event was a grand success and served as a reminder of the sacrifices made by our freedom fighters and the responsibilities we carry as citizens of a free nation.

The 78th Independence Day celebration at D.A.V. Boys Senior Secondary School was not only a tribute to India's glorious past but also a call to action for shaping a brighter, stronger, and more inclusive future.

REPUBLIC DAY CELEBRATIONS 2024

(SWARNIM BHARAT: “VIRASAT AUR VIKAS - PRAGATI KE AUR..”)

The 76th Republic Day, marking the enactment of the Constitution of India, was celebrated with immense patriotic spirit and enthusiasm at 7:30 a.m. on 26th January 2025. This year's tableau theme was “**Swarnim Bharat: Virasat aur Vikas - Pragati ke Aur**” (Golden India: Heritage and Progress - Towards Development).

The event commenced with the hoisting of the national flag by the esteemed Chief Guest, **Major Shri Rana Rishabh Jung**. As the national flag soared high, a wave of patriotic fervour swept across the school premises.

The celebration proceeded with an impressive march-past by the school's NCC, Navy, and Army cadets, who showcased remarkable discipline, coordination, and unity.

Followed by the tableaux presentation captured the essence of India's progress in various sectors. Highlight of the program was the Mock Parliament – Bharatiya Lok Sabha, which featured enthusiastic participation from students of Classes IX and XII. The session centered around the theme “One Nation, One Election,” sparking a dynamic debate where students eloquently presented arguments both in favor of and against the motion. The Chief Guest's rousing and inspiring address infused the gathering with renewed energy and pride.

CELEBRATIONS AT SCHOOL

"Celebrations are the footprints of culture and joy in a child's heart."

Our school vibrantly celebrated various festivals and observed important events during the academic year 2024–25 with full zeal and enthusiasm. Events like International Yoga Day, World Paper Bag Day, Teacher's Day, Shivaji Jayanthi, and many more were organized to foster values, creativity, and cultural awareness. Students actively participated in skits, speeches, dances, and craft activities, making each celebration meaningful and memorable. These events nurtured unity, talent, and respect for traditions among the young aspirants.

Date	Day	Important Day(s) Observed
09-Aug	Fri	Quit India Day
17-Aug	Sat	Param Veer Vandhana
05-Sep	Thu	Teachers Day
		Birth Anniversary of V.O Chidambaram
21-Oct	Mon	Azad Hind Day
15-Nov	Fri	Jan Jatiya Gaurav Diwas / Birth Anniversary Birsa Munda
19-Nov	Tue	Birth Anniversary of Rani Lakshmi Bai
26-Nov	Tue	Constitutional Day
11-Dec	Wed	Mahakavi Bharathi Birthday
03-Jan	Fri	Birth Anniversary of Rani Velu Nachiyar
23-Jan	Thu	Parakram Diwas / Subash Chandra Bose Jayanti
14-Feb	Fri	Pulwama Attack Remembrance
19-Feb	Wed	Chhatrapati Shivaji Jayanti

INTERNATIONAL YOGA DAY 2024

International Day of Yoga was celebrated in a grand manner in our school on 21.06.2024.

Mass Demonstration - Yogathon

Our school conducted Yogathon, a mass demonstration of yoga practices by the students. The program was officially inaugurated by the Principal Mrs. Swarna Karpagavalli, Vice Principal Mrs. Vidhya and the Head Mistress Mrs. Radhika. They addressed the gathering by enumerating the benefits of yoga. Yogathon was conducted by Mr. Kesavan - Yoga Teacher, Mr. Vijaya Ramakrishnan - yoga teacher and Mr. Muthumalai - PET. This was conducted in three different venues in the school premises at the same time, namely two

auditoriums and the quadrangle area. Students from classes 3 to 10 were made to practice yoga demonstration in these venues simultaneously. Students enthusiastically participated in the demonstration. Asana, Pranayama and Meditation practices were part of the yoga demonstration.

WORLD RECORD ATTEMPT

DAV Group of Schools attempted a world record for the highest number of participants performing **“Yoga at their desks”** simultaneously across multiple venues. This event took place across the 14 schools of the DAV group in Chennai, Puducherry and Coimbatore performed a unique **“Yoga at their desks”** sequence from 9.15 am to 9.30 am from their respective classrooms. Students from classes VI to XII were part of this world record. The same was live streamed in the YouTube channel as well. This was submitted to **Limca Book of Records** or the **International Book of Yoga Records**

JUNIORS' JOY 2024 – 22 MARCH 2025

JUNIORS' JOY – RECREATING THE VILLAGE – 2024 - 2025

Juniors' Joy - Recreating the Village Was Conducted On 22nd March 2025 (Saturday) in D.A.V Boys Senior Secondary School Campus. Various events were conducted.

The children had an unforgettable day filled with fun, excitement, and cultural experiences. They thoroughly enjoyed participating in a variety of traditional games, including Stick Figures, Throw Ball, Pandi, Colour Game, and the Snake Game, which brought back the essence of village play.

One of the highlights of the day was the traditional village dance. The performance was a huge hit, and the children enthusiastically joined the dancers, showcasing their joyful moves. Another major attraction was the **Panchayat model** and the **hut**, which sparked curiosity and amazement among the students as they explored it.

Adding to the excitement was the **bullock cart ride**, which turned out to be the showstopper, offering the children a unique and memorable experience. To preserve these precious memories, a **photo booth** was set up near the NCC room, surrounded by a scenic cornfield, allowing children to capture joyful moments with their friends.

The event concluded on a warm and thoughtful note. Each child received an **eco-friendly cloth bag** as a token of remembrance, and everyone was treated to a serving of delicious **Chakara Pongal**, which added a sweet touch to the day's celebration

NCC REPORT

The National Cadet Corps has had an imminent presence in D.A.V Boys Gopalapuram over these years. The Army wing is a part of the 1 (Tamil Nadu) Battalion NCC Unit - 1(TN)BN NCC while the Naval wing is a part of the 1 (Tamil Nadu) Naval Unit NCC. This year the cadets participated in multiple camps taking DAV's name to greater heights.

The motto of NCC is "Unity and Discipline." The National Cadet Corps (NCC) is the youth wing of the Indian Armed Forces. DAV Boys Senior Secondary School, Chennai gives distinguished eminence to NCC. Our School Management, Secretary, Director, Principal, ANO & CTO motivate the students to be part of NCC.

REPUBLIC DAY CAMP (RDC)

The Republic day Camp (RDC) is one of the most prestigious camps for NCC cadets and yet again this year D.A.V Boys Gopalapuram etched its name in golden letters as a cadet won the gold medal in the Best Cadet event in the JD/JW Army Category in the Inter-Group Competition (IGC) RDC 2025.

Receiving the coveted Baton from our Hon 'Prime Minister

1. CSM Bhavin Kolla has won All India Best Cadet Gold in the JD/JW Army category and will be felicitated by the PM on the 27th of January during the All India NCC PM'S Rally
2. CPL Bhavin Kolla has been awarded the Best Cadet award (JD/JW Army). The above-mentioned cadet, attended the IGC RDC 2025 & won a gold medal. He has been selected for the next camp RDC DTE TRG-1 of RDC 2025.
3. L. CPL Soham Dighe also attended the GP TRG-1 Camp of RDC 2025.
4. POC A.M Nilavan of the Naval wing also attended IGC RDC 2025.

THAL SAINIK CAMP (TSC)

Yet another honor for NCC Army Cadets is to attend the Thal Sainik Camp (TSC) and this year our school sent the following cadet to the selections for the prestigious camp. CPL Adarsh K cadet cleared the Pre-IGC TSC 2024 and was selected to attend the IGC TSC 2024 too.

EK BHARAT, SHRESHTHA BHARAT (EBSB) CAMP:

1. CQMS Ritesh.S attended this Inter-Directorate Camp, taking part in cultural events such as National Integration Awareness Presentations. He also bagged a Gold medal in Contingent Drill.

This year the cadets also took part in multiple weekly events including campaigns on rain water harvesting and cleanliness drives to bring about a change in the society through the forum of National Cadet Corps (NCC).

NCC ARMY REPORT

D.A.V NCC NAVAL WING

2024- 2025 Batch

Indian Navy

Guardians of our vast coastline, protectors of the seas, and champions of maritime strength.

The Indian Navy is not just about ships and submarines; it is about courage in the face of storms, resilience in unknown waters, and commitment to safeguarding our nation's maritime frontiers.

The NCC Navy cadets of our school have actively participated in various events throughout the year, showcasing discipline, dedication, and excellence. Our cadets took part in the Combined Annual Training Camp (CATC), where they engaged in intensive training sessions, drills, and various group activities that enhanced their leadership and team-building skills.

A notable achievement this year was the selection and participation of our cadets in prestigious national-level camps, including

the Republic Day Camp (RDC)& Shivaji trail trek trekking camp. This opportunity allowed them to represent our institution on a national platform, gaining invaluable exposure and experience.

Petty Officer Cadet A.M. Nilavan, a distinguished NCC Naval Cadet of DAV Boys Senior Secondary School. P.O.C Nilavan has attended five RDC camps and was proudly selected for the prestigious IGC-RDC, where he earned a badge of honor. He has been recognized as the Best NCC Naval Cadet of the 2024-2025 batch, a remarkable achievement. Adding to his accomplishments, he was also selected to participate in the Shivaji Trail Trekking Camp. Maharashtra in November 2025.

In addition to the CATC, our cadets also participated enthusiastically in different competitions and festivals organized at both local and regional levels. Their commitment and performance have brought pride and recognition to our school.

Our cadets have not only committed themselves in other stages. But also, have shown great involvement in school activities such as “SWACH BHARAT ABHIYAN, RANGOTSAV volunteering etc.,

They have also gained inspiration, motivation, and training through their visit to the “Officers Training Academy, 1(TN)Naval Unit HQ.” The 2024-2025 batch had also appeared for their ‘A-certificate examination’.

We extend our sincere appreciation to all the cadets and the NCC officers -3rd Officer Thamaraiselvam (Naval Wing) and R.Manojkumar (Army Wing) for their unwavering dedication and for bringing honor to the institution.

"Though our heart never wanted to leave NCC, we walked away with a silence we couldn't explain."

SCOUTS
